“ Cedric was a wonderful person it was like god sent him from heaven to place joy in your heart. At the time I was 19 year's old & just had a baby & going to college at the same time & then one day he told me to never put anything before my dreams & that I had a positive future ahead of me. Even though I met him on a app called live.me he had a huge impact on my life & he taught me how to love others after loosing my mom 9 years ago & days will go by & I can still hear him sing & laughing, but most of all I am going to miss his smile he was like a mentor to me & I pray that the family finds comfort through a tough time like this especially his kids.sending my deepest sympathy from South Carolina to Alabama

“ *Cedric was the first person to give me a hug when I return to work after being out dealing with my husband's health issues. Little did he know that meant the world.*
