Sending my deepest sympathy from Detroit to my family , oh Josh how you will be missed. Visiting Montgomery won't be the same for me, but the memories you left me with I will cherish forever like growing up like brother and sister not cousins, I was the daughter Seal and O'Neal never had, spending every summer with my seven brothers not cousins, I remember teaching almost everyone of you how to drive in that big black push button Cadillac O'Neal had, almost every evening we would go in the clinic lot behind the house on Wayne street this was one of my fondest memories and sitting on the porch in the evening with some of you guys and Seal just talking about old times, standing in the kitchen cooking and talking to Neal while laying across the foot of his bed while I cooked, I think I was around 15 or 16 at the time. These are memories I will always cherish. I tried calling you Josh the week before you left us and you didn't answer as usual. My heart is so heavy right now I won't see you nor here your voice anymore. I will always see your face with that beautiful smile and calling my name. Until we meet again, I won't say goodbye, but I will say see you later, your LOVING SISTER/COUSIN JACKIE

It hurt my soul to find out of his passing. He always treated me with kindness and respect. That was the kind of person he was and still is. Rest well .
