“ I will miss our conversations and the way you made me laugh. You were my grand dad's last sibling. I needed you to stay longer but you got BINGO and claimed the best prize, eternal rest

“ I can't find the words to describe Mattie or the profound impact she had on my life. She left such a large imprint on who I am that there is nothing capable of truly doing her justice. The best way of describing Mattie is simply "Mattie"; nothing else can properly speak to the amazing person she was. I will love you always, Mattie. -

“ We have been blessed to have Mattie in our lives for the past 19 1/2 years. Mattie came into my life when I was a new mother needing childcare help with my newborn son, Nathan. She was going to be a temporary babysitter while I figured things out but quickly became family. She fell in love with Nathan and took care of him like her own child. When Sophia was born, she loved on her just as much. Mattie considered them to be "her kids" and provided them with love, kindness, support, and care for their whole lives. Even now as young adults, I see Mattie's influence in the wonderful people they are. We have nothing but wonderful memories of our Mattie - her smile, her kindness, her spirited personality, her strength, resilience, and tenacity, her understanding, and so much more that I can't put into words. Our lives are immensely better and richer because Mattie has been a part of them. We love you and will miss you deeply. You will forever be in our hearts! Love, Val, Hans, Nathan, and Sophia Poggemeyer
