“The sun, the moon, the wind, the stars, will forever be around, reminding us of the love you shared, and the peace you've finally found. As long as I can I will look at this world for both of us, as long as I can, I will laugh with the birds, I will sing with the flowers, I will pray to the stars, for both of us. We love you with all of our hearts and you will be truly missed.

“ My heart felt condolences go out to the family. My memories of Lisa are from us being little girls, I was always the little sister that tagged along with my big sister Sheila and Lisa and I enjoyed every minute of it. And here recently got to do it again with my sister, aunties and friends and my sister from cross the street (Lisa) You will truly be missed.
